

JUST SAY YES!

Environmental compliance in Ontario is costly, cumbersome, and constantly changing. Are you unknowingly at risk? The answer is probably YES!

Altech Environmental Consulting has helped hundreds of Ontario manufacturing facilities expertly identify and resolve environmental challenges, establish due diligence, and stay in compliance. One way we do this is through our **Yearly Environmental Services (YES)** programs.

WHY YES?

The YES Objectives:

- Map out annual reporting (NPRI, ChemTRAC) and ECA/EASR compliance obligations
- Create a facility-specific compliance calendar
- Assist managers with annual budgets and resource planning

- Keep ESDMR and AAR documents current
- Keep environmental managers informed of regulatory changes

WHY YES, WE INCLUDE THAT TOO!

YES, includes the following core services, required annually for most manufacturers:

- Ongoing ECA/EASR compliance obligation support
 - ✓ Annual written summary submission
 - ✓ ESDMR and AAR supplemental update reports
 - ✓ Modifications feasibility and emissions assessments
 - ✓ Quarterly check-ins (February, May, August, November)
- Annual Environmental Reporting
 - ✓ National Pollutant Release Inventory (NPRI) assessment
 - ✓ SWIM Reporting
 - ✓ City of Toronto ChemTRAC assessment and reporting

WHY YES, WE INCLUDE THAT TOO!

YES, includes the following **value-add** services:

- Toxics Reduction Act close-out documentation
- Federal and Provincial GHG screening
- Environmental Emergencies (E2) regulation screening
- Quarterly check-ins

QUARTERLY CHECK-INS

Engaging with the facility, at least quarterly to:

- Keep apprised of modifications proposed throughout the year
- Ensure the ESDMR and AAR tables are kept current
- Provide updates on any relevant regulation changes
- Review other facility initiatives and opportunities for Altech to provide additional support/services

THE ALTECH ADVANTAGE

IN ADDITION TO OUR YEARLY ENVIRONMENTAL SERVICE (YES) PROGRAM, ALTECH ALSO PROVIDES

REGULATORY COMPLIANCE

- Water and wastewater sampling and analysis
- Environmental compliance audits
- Occupational Health & Safety audits
- ISO 12001 (EMS) implementation support, gap analyses and conformance audits

Climate Change and Net Zero services

- Carbon finance and reporting
- Climate action strategic planning
- Decarbonization projects, carbon credit and offsets analysis and verification
- ESG public reporting

RESOURCE EFFICIENCY

- Energy efficiency audits and engineered upgrades
- Clean fuels technology design and installation
- Water re-use technologies
- Wastewater treatment design

Transactional due diligence

- Phase I and II Environmental Site Assessments (ESA)
- Building Condition Assessments (BCA)
- Risk Assessments and Record of Site Conditions (RSC)
- Remediation services
- Geotechnical

SECTORS SERVED – WE'VE GOT YOU COVERED

- Food and Beverage
- Automotive and Aerospace
- Chemical and Petroleum
- Electronics
- Financial and Development
- Plastics
- Metal Processing
- Steel and Natural Resources
- General Manufacturing
- Governmental and Institutional
- Utilities and Services
- Retail
